COMMUNITY CALL-OUT

Dover Arts Development (DAD) is working with Dover Community Radio (DCR) to pilot DAD RADIO, an exciting new series of radio programmes dedicated to showcasing sound, music, poetry, spoken word and local arts-led conversation inspired by Dover.

From April 2021, we are reaching out to the local community to co-create a series of themed radio broadcasts exploring creative topics of relevance to Dover, its stories and the lives of its residents.

SHARE YOUR VOICES, SOUNDS & STORIES OF DOVER

DAD is inviting contributions to DAD RADIO from all members of the Dover community and local area. This opportunity is open to EVERYONE – whether you have experience with radio and audio content or not, we want to hear from you!

We are seeking short contributions of audio content of between 30 secs - 5 mins duration to be included in DAD RADIO shows. We are open to a variety of content; this could take the form of sound recordings & compositions, original music, poetry, spoken word, writings, readings, recorded performances, or podcast extracts.

To submit audio files or writing for consideration please visit the DAD RADIO webpage **www.dadonline.uk/dad-radio-call**

Download and complete the DAD RADIO contributor consent form and send it to us along with your audio files via Wetransfer.com to **radio@dadonline.uk**

For any enquiries or assistance with submitting your contribution or to request a contributor consent form directly via email, please contact **radio@dadonline.uk**

DAD RADIO programmes will be broadcast on Dover Community Radio (DCR) at **www.dcrfm.co.uk** and via the Tune-In and Radio Garden apps/ websites.

Broadcasts will commence on Friday 9th April 2021 at 7pm.
